

ARES APRS net check in protocol

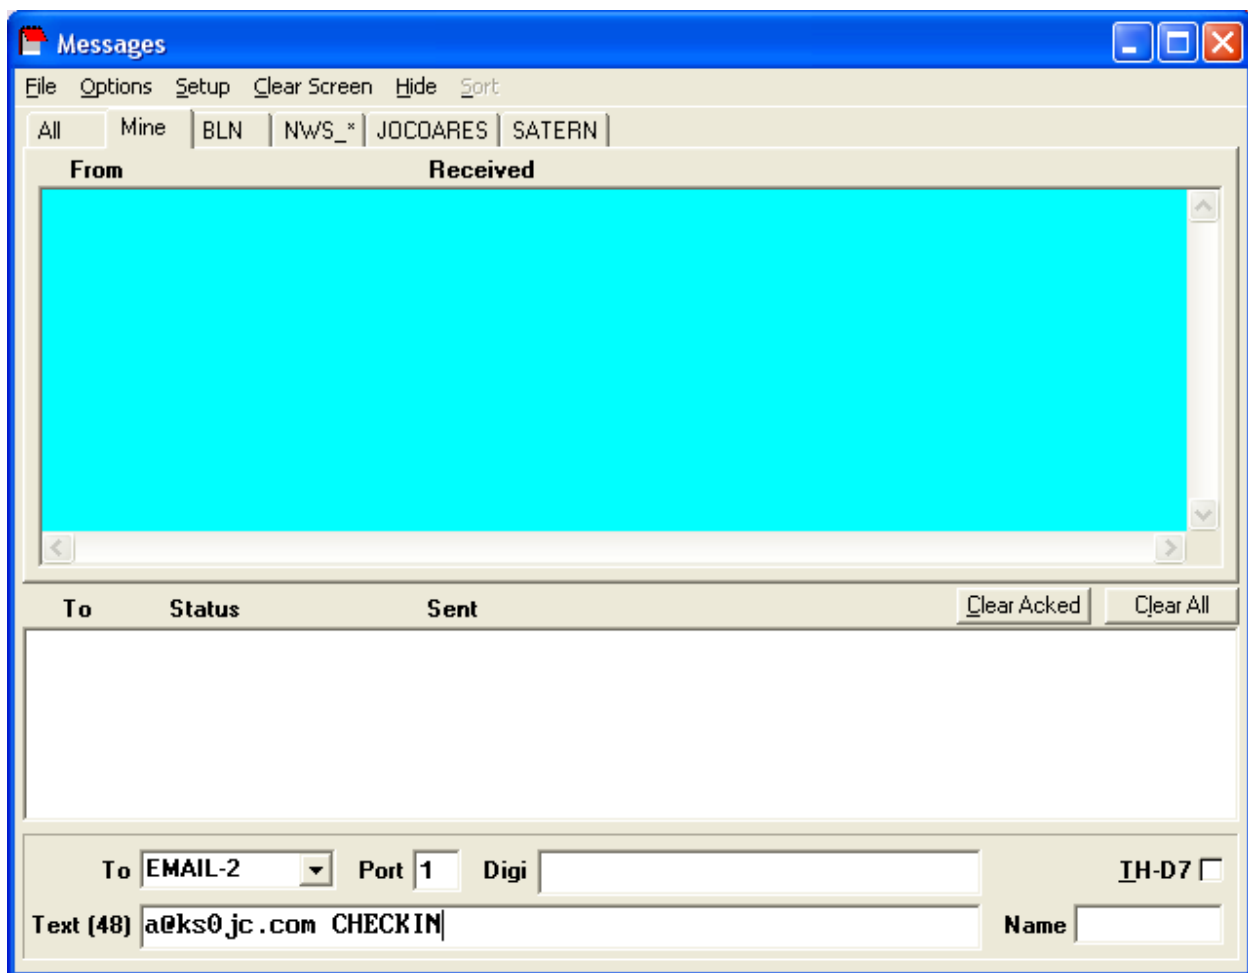

Any time on Tuesday (0001-2359) send an APRS message (via RF if possible) either from a radio, or from an APRS software package like UI-View, Xastir, or any other that supports messaging.

Send the message to: EMAIL-2

The message text: a@ks0jc.com CHECKIN

(a@ks0jc.com is an email forwarder address that goes to our current net manager)

In UI-View it looks like this:

If you have any questions, contact kc0bs@arrl.net
